EOCON is Not Just a Conference

EOCON is a bilingual, hybrid (online & on-site) cybersecurity platform uniting international experts, technology companies, technical communities, and the next generation of cyber talent.

Online Participants

On-Site Attendees

International Speakers

Ethical Hacking CTF Competition.

500k (XAF) to win.

Countries Represented

Operated by **Services ExamBoot Inc.** this year — EOCON is building one of the most influential bilingual cybersecurity platforms connecting Africa to the global cyber industry.

MARKET OPPORTUNITY

Africa's Digital Economy Is Accelerating

The Cybersecurity Gap Is Real

Cloud adoption, fintech expansion, and digital infrastructure growth are outpacing security maturity. Organizations face rising threats, talent shortages, and compliance pressure.

EOCON Sits at the Center

EOCON provides direct access to cybersecurity professionals, enterprise decision-makers, universities, and emerging talent — [sponsors gain visibility inside one of the fastest-growing cyber markets globally.](#)

WHAT MAKES EOCON DIFFERENT

Built for Maximum Impact

Bilingual by Design

Operates natively in English and French — enabling cross-border participation and broader market reach that few cybersecurity conferences achieve.

International CTF Competition

EyesOpenCTF is a 48-hour international cybersecurity competition attracting offensive security practitioners, engineers, and highly technical participants — creating deep brand engagement.

Hybrid by Design

Six days of online visibility, livestream exposure, and international digital reach — dramatically extending sponsor exposure beyond traditional conferences. One day on-site.

Who Attends EOCON?

Cybersecurity Professionals

Security engineers, pentesters, SOC analysts, cloud architects, and red teamers.

Executives & Decision-Makers

CISOs, CIOs, IT directors, technology leaders, founders, and government representatives.

Students & Emerging Talent

Future cybersecurity engineers, analysts, researchers, and startup founders.

International Community

Participants from Africa, Europe, North America, Asia, and Australia —

15+ countries represented in previous editions.

Why Companies Sponsor EOCON

Sponsors partner with EOCON to recruit talent, increase market visibility, strengthen technical credibility, and position strategically within Africa's cyber ecosystem.

Brand Positioning

Position your organization at the center of Africa's growing cybersecurity ecosystem.

Executive Visibility

Connect with technology leaders and enterprise decision-makers.

Long-Term Ecosystem Presence

Become part of a growing international cybersecurity platform.

Talent Acquisition

Access one of the most promising pools of emerging cybersecurity talent.

Technical Credibility

Engage directly with technical audiences through workshops, talks, and CTF branding.

5 Days Online. 1 Day In Person.

Online Experience — Days 1–5

- **International Talks** — Technical and strategic sessions from global cybersecurity experts
- **Workshops** — Hands-on practical cybersecurity sessions
- **Panels** — Cloud security, AI, compliance, threat intelligence, and cyber resilience
- **EyesOpenCTF** — Our biggest 48-hour hacking competition with multiple challenge categories

In-Person Experience — Day 6

- **Networking** — High-value networking with professionals and companies
- **Keynotes** — Main-stage conference experience with international speakers
- **Sponsor Activations** — Booths, branding spaces, demos, and engagement opportunities
- **Closing Ceremony** — CTF awards, networking cocktail, and media visibility

Sponsor Visibility Across Every Channel

Multi-Day, Multi-Platform Reach

Unlike traditional conferences, EOCON delivers sponsor visibility across multiple days, platforms, and audience segments — digital, physical, and technical.

Previous Editions & Growth

From ~200 participants in 2020 to 1,000+ expected in 2026 — EOCON has welcomed attendees from Cameroon, Nigeria, France, Canada, India, Australia, the US, and beyond.

"A truly world-class cybersecurity event."

"One of the most promising cybersecurity initiatives emerging from Africa."

LET'S BUILD TOGETHER

Join EOCON 2026

Position your brand at the intersection of cybersecurity, innovation, emerging talent, and Africa's digital future.

 **October 31, 2026**

Guaranteed inclusion in printed materials, event branding, and full sponsor integration.

 **November 15, 2026**

Final deadline for digital sponsor inclusion. Gold and Platinum partnerships are limited — **allocated first-come, first-served.**
